

Draygon 17

**Performance,
Reliability, Versatility**

For Concrete Repair & Refinishing

Draygon 17 Surfacing Floor Machine

This patented machine is designed for surfacing concrete floor or restoring/preparing hardwood floors and wood decks. Unique, changeable attachments are easy to install and remove, adding to the machine's versatility.

The unique, patented gear drive 3-head system is designed for smooth operation and superior results

Product Specifications

Planetary Head

Weighted Plate For Resin/Metal Tooling

Pad Size—17 Inches Standard,

Other Sizes Available

Easy access belt changing

Power—115V 60Hz

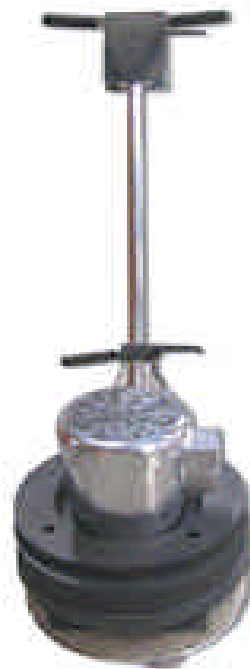

Motor/HP—180 Frame 1- 1/2 HP

Amp Draw 8.5

Cord—50 Ft, 14-3 STO

Weight 113 lbs.

Shipping Weight 124 lbs.

Advantages

- ▶ *Chrome plated, extra heavy duty*
- ▶ *Twin capacitor 180 frame motor delivers extra power for really tough jobs*
- ▶ *One piece chrome, heavy duty handle for optimum durability*
- ▶ *Thumb operated safety switch*
- ▶ *Dual steel operating triggers for left or right hand operation (all floor machines)*
- ▶ *Variable position positive lock handle for operator comfort and safety*
- ▶ *360 degree wrap-around, under snug fit bumper—no tools needed for replacement*
- ▶ *Strongest 115 volt machine on the market*
- ▶ *Totally enclosed motor units are ideal for the harshest conditions—dust, moisture, chemicals and great for sanding or screening applications, stone care and concrete work*
- ▶ *Low current draw*
- ▶ *Severe duty planetary triple-idler, all-steel helical cut gear drive and exclusive 180 frame motor. Three steel heat treated planetary gears*
- ▶ *Solid steel coupler*
- ▶ *Ductile iron ring gear*
- ▶ *Dual hardened torque pins*
- ▶ *11-1 ratio for maximum torque*
