

## The Draygon RGS 98

Powerful, Reliable, Versatile

*The NEW Draygon RGS 98 Rider Grinder/Scrubber/Polisher with diesel, LPG or gasoline engines available has the power and versatility for the most demanding jobs. The RGS 98 has five high torque, high speed motors for complete and thorough coverage up to a 98 inch application path. Three wide drive wheels provide increased traction, stability and maneuverability.*

*200 gallon supply and recovery tanks provide extended operation time between tank emptying, cleanout and refills. The regenerative blower provides excellent recovery of process water generated from scrubbing grinding and polishing.*

*Easy and accessible controls provide for the convenient adjustment of machine direction, machine speed, deck operation, rotational grinding speed and grinding down pressure.*

*The Draygon RGS 98 has all the features and reliability needed for your most demanding jobs.*

## Draygon RGS 98 The Industry's Largest Rider Grinder/Scrubber/Polisher

**Draygon RGS 98 Rider  
Grinder/Scrubber/Polisher  
The Power of Draygon Technology**

**Complete Operator Instrumentation**

**Adjustable Machine Operations**

(Control Panels Vary By Model)

- ▶ Up To 98 Inch Grinding Path
- ▶ Powerful, 100 HP Isuzu Diesel Engine (LPG or Gasoline Engine Also Available)
- ▶ Completely Hydraulic Powered
- ▶ Direct variable volume Engine Driven Hydraulic System
- ▶ Five High Torque, High Speed Grinder Motors
- ▶ High Reliability Hydraulics/Parker Leak Proof System
- ▶ Forward and Reverse Directions
- ▶ Adjustable Deck Down Pressure—Up to 500 PSI
- ▶ Automatic Squeegee Operation
- ▶ Variable Machine Speed Control
- ▶ Three Drive Wheels For Stability and Traction
- ▶ Scrubber Compound Tires For Non-Marking, High Traction and Chemical Resistance
- ▶ Multiple Safety Features
- ▶ Variable Grind Motor Speed Control
- ▶ 200 Gallon Supply and Recovery Tanks
- ▶ Regenerative Blower For Vacuum System
- ▶ Pressurized, Adjustable Solution Flow Over Each Grind Head
- ▶ Lift Fixture For Crane
- ▶ L x W x H (Without Deck): 114 x 66 x 89 Inches
- ▶ Deck W x L 98x 30 Inches
- ▶ Weight (With Tanks Empty) 7000 Pounds
